Dear Friends,

We chose Home Improvement to replace the forty-year-old windows in our home. We are very pleased with the results.

The new windows seem to have given our house a "face-lift." The lines are clean and color blends well with our siding. The windows are easy to clean and can be cleaned all from the inside. This is very important, especially in a two-story house.

The installers were courteous and worked quietly. They were competent and efficient. They also cleaned up the site very nicely. Our job of replacing 14 windows was done in two days!

Thank you, Home Improvement!
